Group Benefit Plan

T4G

The Intelligent Application of Technology™

BENEFIT DETAILS

Great-West Life is a leading Canadian life and health insurer. Great-West Life's financial security advisors work with our clients from coast to coast to help them secure their financial future. We provide a wide range of retirement savings and income plans; as well as life, disability and critical illness insurance for individuals and families. As a leading provider of employee benefits in Canada, we offer effective benefit solutions for large and small employee groups.

Great-West Life Online

Information and details on Great-West Life's corporate profile, our products and services, investor information, news releases and contact information can all be found at our website **www.greatwestlife.com**.

Great-West Life Online Services for Plan Members

As a Great-West Life plan member, you can also register for GroupNet™ for Plan Members at **www.greatwestlife.com**.

This service enables you to access the following and much more, within a user friendly environment twenty-four hours a day, seven days a week:

- your benefit details and claims history
- personalized claim forms and cards
- online claim submission for many of your claims, as outlined in the Healthcare and Dentalcare sections of this booklet
- extensive health and wellness content

Using our GroupNet Mobile app, you can access certain features of GroupNet for Plan Members to:

- submit many of your claims online – part of our industry-leading GroupNet online services
- access personalized coverage information about benefits, claims and more – quickly and easily, any time
- view card information
- locate the nearest provider who has access to Provider eClaims, through a built-in GPS mapping tool

Great-West Life's Toll-Free Number

To contact a customer service representative at Great-West Life for assistance with your medical and dental coverage, please call
1-800-957-9777.

This booklet describes the principal features of the group benefit plan sponsored by your employer, but **Group Policy No. 157562** and **Plan Document Nos. 58490 and 58491** issued by Great-West Life are the governing documents. If there are variations between the information in the booklet and the provisions of the policy or plan document, the policy or plan document will prevail.

This booklet contains important information and should be kept in a safe place known to you and your family.

The Plan is administered by

THE Great-West Life ASSURANCE COMPANY

01-13

Protecting Your Personal Information

At Great-West Life, we recognize and respect the importance of privacy. Personal information about you is kept in a confidential file at the offices of Great-West Life or the offices of an organization authorized by Great-West Life. Great-West Life may use service providers located within or outside Canada. We limit access to personal information in your file to Great-West Life staff or persons authorized by Great-West Life who require it to perform their duties, to persons to whom you have granted access, and to persons authorized by law. Your personal information may be subject to disclosure to those authorized under applicable law within or outside Canada.

We use the personal information to administer the group benefits plan under which you are covered. This includes many tasks, such as:

- determining your eligibility for coverage under the plan
- enrolling you for coverage
- investigating and assessing your claims and providing you with payment
- managing your claims
- verifying and auditing eligibility and claims
- creating and maintaining records concerning our relationship
- underwriting activities, such as determining the cost of the plan, and analyzing the design options of the plan
- preparing regulatory reports, such as tax slips

Your employer has an agreement with Great-West Life in which your employer has financial responsibility for some or all of the benefits in the plan and we process claims on your employer's behalf. We may exchange personal information with your health care providers, your plan administrator, any insurance or reinsurance companies, administrators of government benefits or other benefit programs, other organizations, or service providers working with us or the above when relevant and necessary to administer the plan.

As plan member, you are responsible for the claims submitted. We may exchange personal information with you and a person acting on your behalf when relevant and necessary to confirm coverage and to manage the claims submitted.

You may request access or correction of the personal information in your file. A request for access or correction should be made in writing and may be sent to any of Great-West Life's offices or to our head office.

For a copy of our Privacy Guidelines, or if you have questions about our personal information policies and practices (including with respect to service providers), write to Great-West Life's Chief Compliance Officer or refer to www.greatwestlife.com.

Liability for Benefits

Your employer has entered into an agreement with The Great-West Life Assurance Company whereby your employer will have full liability for Healthcare (except Global Medical Assistance) and Dentalcare benefits outlined in this booklet. This means your employer has agreed to fund these benefits and they are, therefore, uninsured. All claims will, however, be processed by Great-West Life.

TABLE OF CONTENTS

Information About Your Flex Plan

- Option changes take effect each March 1, unless the change results from a life event change. If it does, the option change will take effect on the date the application for the change is made, as long as it is made within 31 days of the life event change. Otherwise, the change will not take effect until the following March 1.

  Note:

  - If you choose Drug, Healthcare or Paramedical option 4, you are locked in at that level for 2 years.

  - If you choose Visioncare options 2, 3 & 4, you are locked in at that level for 2 years.

  - If you choose Dental options 4 or 5, you are locked in at that level for 2 years.

  These restrictions are waived if you are changing options because of a life event change.

- If you experience a life event change during a plan year that affects your coverage needs, you may make changes to your benefit options that directly relate to your life event change without waiting for the next March 1 re-enrollment period. Any of the following is considered a life event change:

  - acquiring your first dependent (spouse or child)
  - loss of similar coverage through your spouse's group benefit program (for example, because of a change in your spouse's employment status)
  - death of your spouse or only child
  - your spouse or only child ceasing to qualify for coverage (for example, through divorce or your child's attainment of a limiting age – see Dependent Coverage in this booklet)

  Note: See your administrator for details no later than 31 days after a life event change occurs. Certain conditions apply.

COMMENCEMENT AND TERMINATION OF COVERAGE

You are eligible to participate in the plan after 1 month of continuous employment. You are considered continuously employed only if you satisfy the actively at work requirement throughout the eligibility waiting period.

- You and your dependents will be covered as soon as you become eligible.

  You may waive health and/or dental coverage if you are already covered for these benefits under your spouse's plan. If you lose spousal coverage you must apply for coverage under this plan. If you do not apply within 31 days of loss of such coverage, or you were previously declined for coverage by Great-West Life, you and your dependents may be required to provide evidence of insurability acceptable to Great-West Life to be covered for health benefits, and may be declined for or offered limited dental benefits.

- You must be actively at work when coverage takes effect, otherwise the coverage will not be effective until you return to work.

  Increases in your benefits while you are covered by this plan will not become effective unless you are actively at work.

- Temporary, part-time and seasonal employees may not join the plan.

Your coverage terminates when your employment ends, you are no longer eligible, or the plan terminates, whichever is earliest.

- Your dependents' coverage terminates when your coverage terminates or your dependent no longer qualifies, whichever is earlier.

- When your coverage terminates, you may be entitled to an extension of benefits under the plan. Your employer will provide you with details.

Survivor Benefits

If you die while your coverage is still in force, the health and dental benefits for your dependents will be continued for a period of 2 years or until they no longer qualify, whichever happens first.

DEPENDENT COVERAGE

Dependent means:

- Your spouse, legal or common-law.

  A common-law spouse is a person who has been living with you in a conjugal relationship for at least 12 months.

- Your unmarried children under age 21, or under age 25 if they are full-time students.

  Children under age 21 are not covered if they are working more than 30 hours a week, unless they are full-time students.

  Children who are incapable of supporting themselves because of physical or mental disorder are covered without age limit if the disorder begins before they turn 21, or while they are students under 25, and the disorder has been continuous since that time.

HEALTHCARE

A deductible may be applied before you are reimbursed. All expenses will be reimbursed at the level shown in the **Benefits At A Glance**. Benefits may be subject to plan maximums and frequency limits. Check the **Benefits At A Glance** for this information.

The plan covers customary charges for the following services and supplies. All covered services and supplies must represent reasonable treatment. Treatment is considered reasonable if it is accepted by the Canadian medical profession, it is proven to be effective, and it is of a form, intensity, frequency and duration essential to diagnosis or management of the disease or injury.

You are covered for only the healthcare benefits that apply to the option that you choose as shown in the **Benefits At A Glance**.

Except to the extent otherwise required by law, your healthcare coverage terminates when you reach age 70.

Covered Expenses

- Ambulance transportation to the nearest centre where adequate treatment is available

- Semi-private room and board in a hospital in Canada

  For out-of-province accommodation, any difference between the hospital's standard ward rate and the government authorized allowance in your home province is covered.

  The plan also covers the hospital facility fee related to dental surgery and any out-of-province hospital out-patient charges not covered by the government health plan in your home province.

- Convalescent care for a condition that will significantly improve as a result of the care and follows a 3-day confinement for acute care. Semi-private room and board is covered for a maximum of 120 days per condition.

- The government authorized co-payment for accommodation in a nursing home. Residences established primarily for senior citizens or which provide personal rather than medical care are not covered.

- Home nursing services of a registered nurse, licensed practical nurse or registered nursing assistant who is not a member of your family, when services are provided in Canada, but only if the patient requires the specific skills of a trained nurse

  You should apply for a pre-care assessment before home nursing begins

- Chronic care, provided in a hospital, nursing home or for home nursing care in Canada, for a condition where improvement or deterioration is unlikely within the next 12 months

- Drugs and drug supplies described below when prescribed by a person entitled by law to prescribe them, dispensed by a person entitled by law to dispense them, and provided in Canada. Benefits for drugs and drug supplies provided outside Canada are payable only as provided under the out-of-country emergency care provision.

  - Drugs which require a written prescription according to the Food and Drugs Act, Canada or provincial legislation in effect where the drug is dispensed, including contraceptive drugs and products containing a contraceptive drug

  - Injectable drugs including vitamins, insulins and allergy extracts. Syringes for self-administered injections are also covered

  - Disposable needles for use with non-disposable insulin injection devices, lancets and test strips

  - Extemporaneous preparations or compounds if one of the ingredients is a covered drug

  - Certain other drugs that do not require a prescription by law may be covered. If you have any questions, contact your plan administrator before incurring the expense.

  Unless medical evidence is provided to the plan administrator that indicates why a drug is not to be substituted, the covered expense may be limited to the cost of the lowest priced interchangeable drug.

  The plan will also pay for vaccines used to prevent disease

  For drugs eligible under a provincial drug plan, coverage is limited to the deductible amount and coinsurance you are required to pay under that plan.

- Rental or, at the plan's discretion, purchase of certain medical supplies, appliances and prosthetic devices prescribed by a physician

- Custom-made foot orthotics and custom-fitted orthopedic shoes, including modifications to orthopedic footwear, when prescribed by a doctor, podiatrist or chiropodist

- Hearing aids, including batteries, tubing and ear molds provided at the time of purchase, when prescribed by a physician

- Diabetic supplies prescribed by a physician: Novolin-pens or similar insulin injection devices using a needle, blood-letting devices including platforms but not lancets. Lancets are covered under prescription drugs

- Blood-glucose monitoring machines prescribed by a physician

- Diagnostic x-rays and lab tests, when coverage is not available under your provincial government plan

- Out-of-hospital services of a qualified acupuncturist

- Out-of-hospital treatment of muscle and bone disorders, including diagnostic x-rays, by a licensed chiropractor

- Out-of-hospital services of a qualified massage therapist

- Out-of-hospital services of a licensed naturopath

- Out-of-hospital services of a licensed osteopath, including diagnostic x-rays
- Out-of-hospital treatment of movement disorders by a licensed physiotherapist
- Out-of-hospital treatment of foot disorders, including diagnostic x-rays, by a licensed podiatrist
- Out-of-hospital treatment by a registered psychologist or qualified social worker
- Out-of-hospital treatment of speech impairments by a qualified speech therapist

Visioncare

- Eye examinations, including refractions, when they are performed by a licensed ophthalmologist or optometrist, and coverage is not available under your provincial government plan
- Glasses and contact lenses required to correct vision when provided by a licensed ophthalmologist, optometrist or optician
- Laser eye surgery required to correct vision when performed by a licensed ophthalmologist

For information on available discounts on eyewear and vision care services, refer to the Preferred Vision Services section of this booklet following the Healthcare benefit.

Global Medical Assistance Program

This program provides medical assistance through a worldwide communications network which operates 24 hours a day. The network locates medical services and obtains Great-West Life's approval of covered services, when required as a result of a medical emergency arising while you or your dependent is travelling for vacation, business or education. Coverage for travel within Canada is limited to emergencies arising more than 500 kilometres from home. You must be covered by the government health plan in your home province to be eligible for global medical assistance benefits. The following services are covered, subject to Great-West Life's prior approval:

- On-site hospital payment when required for admission, to a maximum of $1,000
- If suitable local care is not available, medical evacuation to the nearest suitable hospital while travelling in Canada. If travel is outside Canada, transportation will be provided to a hospital in Canada or to the nearest hospital outside Canada equipped to provide treatment

  When services are covered under this provision, they are not covered under other provisions described in this booklet
- Transportation and lodging for one family member joining a patient hospitalized for more than 7 days while travelling alone. Benefits will be paid for moderate quality lodgings up to $1,500 and for a round trip economy class ticket
- If you or a dependent is hospitalized while travelling with a companion, extra costs for moderate quality lodgings for the companion when the return trip is delayed due to your or your dependent’s medical condition, to a maximum of $1,500
- The cost of comparable return transportation home for you or a dependent and one travelling companion if prearranged, prepaid return transportation is missed because you or your dependent is hospitalized. Coverage is provided only when the return fare is not refundable. A rental vehicle is not considered prearranged, prepaid return transportation

- In case of death, preparation and transportation of the deceased home

- Return transportation home for minor children travelling with you or a dependent who are left unaccompanied because of your or your dependent's hospitalization or death. Return or round trip transportation for an escort for the children is also covered when considered necessary

- Costs of returning your or your dependent's vehicle home or to the nearest rental agency when illness or injury prevents you or your dependent from driving, to a maximum of $1,000. Benefits will not be paid for vehicle return if transportation reimbursement benefits are paid for the cost of comparable return transportation home

Benefits payable for moderate quality accommodation include telephone expenses as well as taxicab and car rental charges. Meal expenses are not covered.

Out-Of-Country Emergency Care

The plan covers medical expenses incurred as a result of a medical emergency arising while you or your dependent is outside Canada for vacation, business or education purposes. To qualify for benefits, you must be covered by the government health plan in your home province.

A medical emergency is a sudden, unexpected injury or an acute episode of disease.

- The following services and supplies are covered when related to the initial medical treatment:

    - treatment by a physician
    - diagnostic x-ray and laboratory services
    - hospital accommodation in a standard or semi-private ward or intensive care unit, if the confinement begins while you or your dependent is covered
    - medical supplies provided during a covered hospital confinement
    - paramedical services provided during a covered hospital confinement
    - hospital out-patient services and supplies
    - medical supplies provided out-of-hospital if they would have been covered in Canada
    - drugs
    - out-of-hospital services of a professional nurse
    - ambulance services by a licensed ambulance company to the nearest centre where essential treatment is available

    If your medical condition permits you to return to Canada, benefits will be limited to the amount payable under this plan for continued treatment outside Canada or the amount payable under this plan for comparable treatment in Canada, plus return transportation, whichever is less.

Other Services and Supplies

Services or supplies that represent reasonable treatment but are not otherwise covered under this plan may be covered by the plan on such terms as the plan administrator determines.

Limitations

A claim for a service or supply that was purchased from a provider that is not approved by the plan administrator may be declined.

The covered expense for a service or supply may be limited to that of a lower cost alternative service or supply that represents reasonable treatment.

Except to the extent otherwise required by law, no benefits are paid for:

- Expenses private benefit plans are not permitted to cover by law
- Services or supplies for which a charge is made only because you have coverage
- The portion of the expense for services or supplies that is payable by the government health plan in your home province, whether or not you are actually covered under the government health plan
- Any portion of services or supplies which you are entitled to receive, or for which you are entitled to a benefit or reimbursement, by law or under a plan that is legislated, funded, or administered in whole or in part by a government ("government plan"), without regard to whether coverage would have otherwise been available under this plan

  In this limitation, government plan does not include a group plan for government employees
- Services or supplies that do not represent reasonable treatment
- Services or supplies associated with:
  - treatment performed only for cosmetic purposes
  - recreation or sports rather than with other daily living activities
  - the diagnosis or treatment of infertility, other than drugs
  - contraception, other than contraceptive drugs and products containing a contraceptive drug
- Services or supplies not listed as covered expenses unless determined by the plan administrator to be covered expenses
- Extra medical supplies that are spares or alternates
- Services or supplies received outside Canada except as listed under Out-of-Country Emergency Care and Global Medical Assistance
- Services or supplies received out-of-province in Canada unless you are covered by the government health plan in your home province and benefits would have been paid under this plan for the same services or supplies if they had been received in your home province

  This limitation does not apply to Global Medical Assistance
- Expenses arising from war, insurrection, or voluntary participation in a riot
- Visioncare services and supplies required by an employer as a condition of employment

In addition under the prescription drug coverage, no benefits are paid for:

- Atomizers, appliances, prosthetic devices, colostomy supplies, first aid supplies, diagnostic supplies or testing equipment
- Non-disposable insulin delivery devices or spring loaded devices used to hold blood letting devices

- Delivery or extension devices for inhaled medications
- Oral vitamins, minerals, dietary supplements, homeopathic preparations, infant formulas or injectable total parenteral nutrition solutions
- Diaphragms, condoms, contraceptive jellies, foams, sponges, suppositories, contraceptive implants or appliances
- Any drug that does not have a drug identification number as defined by the Food and Drugs Act, Canada
- Any single purchase of drugs which would not reasonably be used within 34 days. In the case of certain maintenance drugs, a 100-day supply will be covered
- Drugs administered during treatment in an emergency room of a hospital, or as an in-patient in a hospital
- Non-injectable allergy extracts
- Drugs that are considered cosmetic, such as topical minoxidil or sunscreens, whether or not prescribed for a medical reason
- Smoking cessation products, unless you choose Drug Plan Option 4
- Fertility drugs, whether or not prescribed for a medical reason, unless you choose Drug Plan Option 4
- Anti-obesity drugs
- Drugs used to treat erectile dysfunction

Prior Authorization

In order to determine whether coverage is provided for certain services or supplies, the plan administrator maintains a limited list of services and supplies that require prior authorization.

Prior authorization is intended to help ensure that a service or supply represents reasonable treatment.

If the use of a lower cost alternative service or supply represents reasonable treatment, a person may be required to provide medical evidence to the plan administrator why the lower cost alternative service or supply cannot be used before coverage may be provided for the service or supply.

Health Case Management

Health case management is a program recommended or approved by the plan administrator that may include but is not limited to:

- consultation with the person and his attending physician to gain understanding of the treatment plan recommended by the attending physician;
- comparison with the person's attending physician of the recommended treatment plan with alternatives, if any, that represent reasonable treatment;
- identification to the person's attending physician of opportunities for education and support; and
- monitoring the person's adherence to the treatment plan recommended by the person's attending physician.

In determining whether to implement health case management, the plan administrator may assess such factors as the service or supply, the person's medical condition, and the existence of generally accepted medical guidelines for objectively measuring medical effectiveness of the treatment plan recommended by the attending physician.

Health Case Management Limitation

The payment of benefits for a service or supply may be limited, on such terms as the plan administrator determines, where:

- the plan administrator has implemented health case management and the person does not participate or cooperate; or
- the person has not adhered to the treatment plan recommended by his attending physician with respect to the use of the service or supply.

Designated Provider Limitation

For a service or supply to which prior authorization applies or where the plan administrator has recommended or approved health case management, the plan administrator can require that a service or supply be purchased from or administered by a provider designated by the plan administrator, and:

- the covered expense for a service or supply that was not purchased from or administered by a provider designated by the plan administrator may be limited to the cost of the service or supply had it been purchased from or administered by the provider designated by the plan administrator; or
- a claim for a service or supply that was not purchased from or administered by a provider designated by the plan administrator may be declined.

Patient Assistance Program

A patient assistance program means a program that provides assistance to persons with respect to the purchase of services or supplies.

A person may be required to apply to and participate in any patient assistance program to which the person may be entitled. Further, the covered expense for a service or supply may be reduced by an amount up to the amount of financial assistance the person is entitled to receive for that service or supply under a patient assistance program.

How to Make a Claim

- Out-of-country claims (other than those for Global Medical Assistance expenses) should be submitted to Great-West Life as soon as possible after the expense is incurred. It is very important that you send your claims to the Great-West Life Out-of-Country Claims Department immediately as your Provincial Medical Plan has very strict time limitations.

  Access GroupNet for Plan Members to obtain a personalized claim form or obtain form M5432 (Statement of Claim Out-of-Country Expenses form) from your employer. Unless you are a resident of the Territories you must also obtain the Government Assignment form, and residents of British Columbia, Quebec and Newfoundland & Labrador must also obtain the Special Government Claim form. The Great-West Life Out-of-Country Claims Department will forward the appropriate government forms to your attention when required.

If you are a resident of the Territories, you must submit your out-of-country claims to your territorial government for processing before submitting the claim to Great-West Life. When you receive your Explanation of Benefits back from the territory, please send the following to the Great-West Life Out-of-Country Claims Department (be sure to keep copies for your own records):

- a copy of the payment from your territory
- a completed Statement of Claim Out-of-Country Expenses form (form M5432)
- all required information
- copies of all original receipts

Residents of the provinces should complete all applicable forms, making sure all required information is included. Attach all original receipts and forward the claim to the Great-West Life Out-of-Country Claims Department. Be sure to keep a copy for your own records. The plan will pay all eligible claims including your Provincial Medical Plan portion. Your Provincial Medical Plan will then reimburse the plan for the government's share of the expenses.

Out-of-country claims must be submitted within a certain time period that varies by province. For the claims submission period applicable in your province or territory or for any other questions or for assistance in completing any of the forms, please contact Great-West Life's Out-of-Country Claims Department at 1-800-957-9777.

- Claims for expenses incurred in Canada, for paramedical services and visioncare, may be submitted online. To use this online service you will need to be registered for GroupNet for Plan Members and signed up for direct deposit of claim payments with eDetails. For online claim submissions, your Explanation of Benefits will only be available online.

  Claims must be submitted to Great-West Life as soon as possible, but no later than 15 months after you incur the expense.

  You must retain your receipt for 12 months from the date you submit your claim to Great-West Life as a record of the transaction, and you must submit it to Great-West Life on request.

- For all other Healthcare claims, access GroupNet for Plan Members to obtain a personalized claim form or obtain form M635D from your employer. Complete this form making sure it shows all required information.

  Attach your receipts to the claim form and return it to the Great-West Life Benefit Payment Office as soon as possible, but no later than 15 months after you incur the expense.

- **For drug claims**, your employer will provide you with a prescription drug identification card. Present your card to the pharmacist with your prescription.

  Before your prescription is filled, an Assure Claims check will be done. Assure Claims is a series of seven checks that are electronically done on your drug claim history for increased safety and compliance monitoring. This has been designed to improve the health and quality of life for you and your dependents. Checks done include drug interaction, therapeutic duplication and duration of therapy, allowing the pharmacist to react prior to the drug being dispensed. Depending on the outcome of the checks, the pharmacist may refuse to dispense the prescribed drug.

  When your coverage ends, return your direct pay drug identification card to your employer.

PREFERRED VISION SERVICES (PVS)

Preferred Vision Services (PVS) is a service provided by Great-West Life to its customers through PVS which is a preferred provider network company.

PVS entitles you to a discount on a wide selection of quality eyewear and lens extras (scratch guarding, tints, etc.) when you purchase these items from a PVS network optician or optometrist. A discount on laser eye surgery can be obtained through an organization that is part of the PVS network.

PVS also entitles you to a discount on hearing aids (batteries, tubing, ear molds, etc.) when you purchase these items from a PVS network provider.

You are eligible to receive the PVS discount through the network whether or not you are enrolled for the healthcare coverage described in this booklet. You can use the PVS network as often as you wish for yourself and your dependents.

Using PVS:

- Call the **PVS Information Hotline** at **1-800-668-6444** or visit the **PVS Web site** at **www.pvs.ca** for information about PVS locations and the program
- Arrange for a fitting, an eye examination, a hearing assessment or a hearing test, if needed
- Present your group benefit plan identification card, to identify your preferred status as a PVS member through Great-West Life, at the time the eyewear or the hearing aid is purchased, or at the initial consultation for laser eye surgery
- Pay the reduced PVS price. If you have vision care coverage or hearing aids coverage for the product or service, obtain a receipt and submit it with a claim form to your insurance carrier in the usual manner.

DENTALCARE

A deductible may be applied before you are reimbursed. All expenses will be reimbursed at the level shown in the **Benefits At A Glance**. Benefits may be subject to plan maximums and frequency limits. Check the **Benefits At A Glance**. for this information.

The plan covers customary charges to the extent they do not exceed the dental fee guide level shown in the **Benefits At A Glance**.. Denturist fee guides are applicable when services are provided by a denturist. Dental hygienist fee guides are applicable when services are provided by a dental hygienist practising independently.

All covered services and supplies must represent reasonable treatment. Treatment is considered reasonable if it is recognized by the Canadian Dental Association, it is proven to be effective, and it is of a form, frequency, and duration essential to the management of the person's dental health. To be considered reasonable, treatment must also be performed by a dentist or under a dentist’s supervision, performed by a dental hygienist entitled by law to practise independently, or performed by a denturist.

You are only covered for dentalcare benefits that apply to the option that you choose as shown in the **Benefits At A Glance**.

Your dentalcare coverage terminates when you reach age 70.

Treatment Plan

- Before incurring any large dental expenses, ask your dental service provider to complete a treatment plan and submit it to the plan. The benefits payable for the proposed treatment will be calculated, so you will know in advance the approximate portion of the cost you will have to pay.

Basic Coverage

The following expenses will be covered:

- Diagnostic services including:
  - one complete oral examination every 24 months
  - limited oral examinations once every 6 months, except that only one limited oral examination is covered in any 12-month period that a complete oral examination is also performed
  - limited periodontal examinations once every 6 months
  - complete series of x-rays once every 24 months
  - intra-oral x-rays to a maximum of 15 films once every 24 months and a panoramic x-ray every 36 months. Services provided in the same 12 months as a complete series are not covered
- Preventive services including:
  - polishing and topical application of fluoride each once every 6 months
  - scaling, limited to a maximum combined with periodontal root planing of 8 time units each plan year

    A time unit is considered to be a 15-minute interval or any portion of a 15-minute interval
  - oral hygiene instruction once in a person's lifetime
  - pit and fissure sealants on bicuspids and permanent molars every 60 months
  - space maintainers including appliances for the control of harmful habits
  - finishing restorations
  - interproximal disking
  - recontouring of teeth
- Minor restorative services including:
  - caries, trauma, and pain control
  - amalgam and tooth-coloured fillings. Replacement fillings are covered only if the existing filling is at least 2 years old or the existing filling was not covered under this plan
  - retentive pins and prefabricated posts for fillings
  - prefabricated crowns for primary teeth
- Endodontics. Root canal therapy for permanent teeth will be limited to one course of treatment per tooth. Further treatment performed within 3 months of the initial treatment will be considered part of the initial treatment. Repeat treatment is covered only if the original treatment fails after the first 18 months
- Periodontal services including:
  - root planing, limited to a maximum combined with preventive scaling of 8 time units each plan year

- occlusal adjustment and equilibration, limited to a combined maximum of 4 time units every 12 months

  A time unit is considered to be a 15-minute interval or any portion of a 15-minute interval

- Denture maintenance, after the 3-month post-insertion care period, including:
  - denture relines for dentures at least 6 months old, once every 24 months
  - denture rebases for dentures at least 2 years old, once every 24 months
  - resilient liner in relined or rebased dentures, once every 24 months
- Oral surgery
- Adjunctive services

Major Coverage

- Crowns. Coverage for crowns on molars is limited to the cost of metal crowns. Coverage for complicated crowns is limited to the cost of standard crowns
- Onlays. Coverage for tooth-coloured onlays on molars is limited to the cost of metal onlays

  Replacement crowns and onlays are covered when the existing restoration is at least 5 years old and cannot be made serviceable
- Standard complete dentures, standard cast or acrylic partial dentures or complete overdentures or bridgework when required to replace one or more teeth extracted while the person is covered. Overdentures and bridgework are covered only when standard complete or partial dentures are not viable treatment options. Coverage for tooth-coloured retainers and pontics on molars is limited to the cost of metal retainers and pontics. Replacement appliances are covered only when:
  - the existing appliance is a covered temporary appliance
  - the existing appliance is at least 5 years old and cannot be made serviceable. If the existing appliance is less than 5 years old, a replacement will still be covered if the existing appliance becomes unserviceable while the person is covered and as a result of the placement of an initial opposing appliance or the extraction of additional teeth.

    If additional teeth are extracted but the existing appliance can be made serviceable, coverage is limited to the replacement of the additional teeth
- Denture-related surgical services for remodelling and recontouring oral tissues

- Denture and bridgework maintenance following the 3-month post-insertion period including:
    - denture remakes, once every 36 months
    - denture adjustments, once every 12 months
    - denture repairs and additions, tissue conditioning and resetting of denture teeth
    - repairs to covered bridgework
    - removal and recementation of bridgework

Orthodontic Coverage (Only if Dental Plan Option 5 was chosen)

- Orthodontics are covered for children age 6 to 18 when treatment starts

Accidental Dental Injury Coverage

- Treatment of injury to sound natural teeth. Treatment must start within 60 days after the accident unless delayed by a medical condition

  A sound tooth is any tooth that did not require restorative treatment immediately before the accident. A natural tooth is any tooth that has not been artificially replaced

Limitations

No benefits are paid for:

- Duplicate x-rays, custom fluoride appliances, audio-visual oral hygiene instruction and nutritional counselling
- The following endodontic services - root canal therapy for primary teeth, isolation of teeth, enlargement of pulp chambers and endosseous intra coronal implants
- The following periodontal services - desensitization, topical application of antimicrobial agents, subgingival periodontal irrigation, charges for post surgical treatment and periodontal re-evaluations
- The following oral surgery services - implantology, surgical movement of teeth, services performed to remodel or recontour oral tissues (other than minor alveoloplasty, gingivoplasty and stomatoplasty) and alveoloplasty or gingivoplasty performed in conjunction with extractions. Services for remodelling and recontouring oral tissues will be covered under Major Coverage
- Hypnosis or acupuncture
- Veneers, recontouring existing crowns, and staining porcelain
- Crowns or onlays if the tooth could have been restored using other procedures. If crowns, onlays or inlays are provided, benefits will be based on coverage for fillings

- Overdentures or initial bridgework if provided when standard complete or partial dentures would have been a viable treatment option.

  If overdentures are provided, coverage will be limited to standard complete dentures.

  If initial bridgework is provided, coverage will be limited to a standard cast partial denture and restoration of abutment teeth when required for purposes other than bridgework

  If additional bridgework is performed in the same arch within 60 months, coverage will be limited to the addition of teeth to a denture and restoration of abutment teeth when required for purposes other than bridgework

  Benefits will be limited to standard dentures or bridgework when equilibrated and gnathological dentures, dentures with stress breaker, precision and semi-precision attachments, dentures with swing lock connectors, partial overdentures and dentures and bridgework related to implants are provided

- Expenses covered under another group plan's extension of benefits provision
- Orthodontic treatment is not covered unless you have chosen option 5 Dental
- Accidental dental injury expenses for treatment performed more than 12 months after the accident, denture repair or replacement, or any orthodontic services
- Expenses private benefit plans are not permitted to cover by law
- Services and supplies you are entitled to without charge by law or for which a charge is made only because you have coverage
- Services or supplies that do not represent reasonable treatment
- Treatment performed for cosmetic purposes only
- Congenital defects or developmental malformations in people 19 years of age or over
- Temporomandibular joint disorders, vertical dimension correction or myofacial pain
- Expenses arising from war, insurrection, or voluntary participation in a riot

How to Make a Claim

- Claims for expenses incurred in Canada may be submitted online. Access GroupNet for Plan Members to obtain a personalized claim form or obtain form M445D from your employer and have your dental service provider complete the form. The completed claim form will contain the information necessary to enter the claim online. To use the online service you will need to be registered for GroupNet for Plan Members and signed up for direct deposit of claim payments with eDetails. For online claim submissions, your Explanation of Benefits will only be available online.

  Claims must be submitted to Great-West Life as soon as possible, but no later than 15 months after the dental treatment.

  You must retain your receipt for 12 months from the date you submit your claim to Great-West Life as a record of the transaction, and you must submit it to Great-West Life on request.

- For all other Dentalcare claims, access GroupNet for Plan Members to obtain a personalized claim form or obtain form M445D from your employer. Have your dental service provider complete the form and return it to the Great-West Life Benefit Payment Office as soon as possible, but no later than 15 months after the dental treatment.

HEALTH CARE SPENDING ACCOUNT BENEFITS (HCSA)

A Health Care Spending Account (HCSA) is like a bank account through which you may be reimbursed for health and dental expenses up to a predetermined annual credit amount. Your employer will establish the credits for your account prior to each plan year. These credits may be used to cover expenses not covered by group health plans or to top-up expenses not fully covered by group health plans, including deductibles and co-payment amounts. Also, since annual credits are in the form of before tax dollars, the HCSA is a tax-effective way of paying for your health-related expenses.

Eligibility

You and your dependents are eligible for HCSA credits through your employer if you are covered for basic health benefits under your or your spouse's group health plan. In addition to the dependents eligible for coverage under your basic health plan, HCSA benefits are extended to any other person for whom you are entitled to claim a medical expense tax credit under the Income Tax Act (Canada).

You may apply for HCSA benefits within 31 days of the date you first become eligible or at your plan's annual enrolment date.

Termination

Your HCSA coverage terminates when your basic health coverage terminates, when you elect to discontinue coverage (at any plan enrolment date) or when your employer discontinues the plan.

Your dependents' HCSA coverage terminates when your coverage terminates or when they no longer qualify, whichever is earlier.

Covered Expenses

The Income Tax Act (Canada) governs the types of expenses that can be reimbursed under the HCSA. Coverage is provided for those expenses that qualify for a medical expense tax credit. For a complete list of covered expenses, contact your Canada Revenue Agency District Office and ask for Income Tax Interpretation Bulletin IT-519R.

Benefits will be paid for 100% of covered expenses that are incurred while you and your dependents are covered, up to a maximum annual payment equal to the credits in your HCSA. Dental expenses, other than orthodontic expenses, are considered to be incurred when treatment is completed. Orthodontic expenses are considered to be incurred on a periodic basis throughout the course of treatment. All other expenses are considered to be incurred when they are received.

Credits are available for covered expenses incurred in a plan year. Any remaining credits will be carried forward for covered expenses incurred in the following plan year. If they are not used for expenses incurred in that plan year, they are automatically forfeited.

The maximum annual payment available under your account will consist of the amount of the credit directed to it for the plan year plus any unused amount from the previous year.

Limitations

No benefits are paid for:

- Expenses that private benefit plans are not permitted to cover by law
- Services or supplies you are entitled to without charge by law or for which a charge is made only because you have coverage under a private benefit plan
- Any portion of the expense for services or supplies for which benefits are payable under your basic health plan, another group plan or a government plan

How to Make a Claim

The HCSA will reimburse you for the balance of the expense remaining after all other insurance plans have paid out. You must first submit all claims to any government and private insurance plans under which you or any eligible dependents are covered. Once you have received reimbursement for the expense from all other plans, you may submit a claim against the HCSA.

Claims against the HCSA may be submitted on a claim form. Claims for prescription drugs, paramedical services, visioncare and dentalcare expenses incurred in Canada may also be submitted online.

- To submit claims using a claim form, use form M5429A or form M445D (HCSA) for dental claims, and form M5431A or form M635D (HCSA) for all other claims

- To submit claims online, you will need to be registered for GroupNet for Plan Members and signed up for direct deposit of claim payments with eDetails. For online claim submissions, your Explanation of Benefits will only be available online

  You must retain your receipt for 12 months from the date you submit your claim to Great-West Life as a record of the transaction, and you must submit it to Great-West Life on request.

Claims against the HCSA must be submitted to the Great-West Life Benefit Payment Office before the earliest of the following:

- 60 days after the end of the plan year in which the expenses are incurred

- the date the HCSA contract terminates, if it terminates because your employer fails to make a required payment

- 31 days after the date the HCSA contract terminates, if it terminates for any other reason

COORDINATION OF BENEFITS

- Benefits for you or a dependent will be directly reduced by any amount payable under a government plan. If you or a dependent are entitled to benefits for the same expenses under another group plan or as both an employee and dependent under this plan or as a dependent of both parents under this plan, benefits will be co-ordinated so that the total benefits from all plans will not exceed expenses.

- You and your spouse should first submit your own claims through your own group plan. Claims for dependent children should be submitted to the plan of the parent who has the earlier birth date in the calendar year (the year of birth is not considered). If you are separated or divorced, the plan which will pay benefits for your children will be determined in the following order:

  1. the plan of the parent with custody of the child;
  2. the plan of the spouse of the parent with custody of the child;
  3. the plan of the parent without custody of the child;
  4. the plan of the spouse of the parent without custody of the child

  You may submit a claim to the plan of the other spouse for any amount which is not paid by the first plan.

DIAGNOSTIC AND TREATMENT SUPPORT SERVICES (BEST DOCTORS® SERVICE)

This service is designed to allow you, your dependents and your attending physician or specialists access to the expertise of world-class specialists, resources, information and clinical guidance.

If you or your dependents are diagnosed with a serious medical condition for which there is objective evidence, or if your physician or you or your dependent suspect you have this condition, you can access this service. This service is made up of a unique step-by-step process that may help address questions or concerns about a medical condition. This may include confirming the diagnosis and suggesting the most effective treatment plan by drawing on a global database of up to 50,000 peer-ranked specialists.

How it works

- You or your dependent can access diagnostic and treatment support services by calling 1-877-419-BEST (2378) toll-free.

- You will be connected with a member advocate who will be dedicated to your case and will provide support through the process. The member advocate will take the necessary medical history and answer your questions. Any information provided is not shared with either your employer or the administrator of your health plan.

- Based on the information and questions, the member advocate determines the optimal level of service for you or your dependent.

- The member advocate may provide information, resources, guidance and advice individually tailored to meet your health needs. They can also help identify individual community supports and resources available.

- If it is appropriate, the member advocate may arrange for an in-depth review of your medical file to assist in confirming the diagnosis and help develop a treatment plan. This review may include collecting, deconstructing and reconstructing medical records, pathology retesting and analyzing test results. A written report outlining the conclusions and recommendations of the specialists will be forwarded to you and your physician. On average, this process takes 6 to 8 weeks. Timeframes may vary depending on the complexity of the case and amount of medical records to collect.

- If you decide to seek treatment by a different physician, the member advocate can help identify the specialist best qualified to meet your specific medical needs. Expenses incurred for travel and treatment are not covered by this service.

- If you decide to seek treatment outside Canada, the member advocate can arrange referrals and can help book accommodations. The member advocate can also access hospital and physician discounts, arrange for forwarding of medical information and monitor the treatment process. Expenses incurred for travel and treatment are not covered by this service.

Note: These services are not insured services. Great-West Life is not responsible for the provision of the services, their results, or any treatment received or requested in connection with the services.
