About this Booklet

This booklet, together with your identification card, contains important information about your group benefits coverage. You should keep them in a safe place for future reference.

This booklet summarizes the important features of your group benefits coverage. It is prepared as information only, and does not, in itself, constitute an agreement. The exact terms and conditions of your group benefits coverage are described in the group policy held by your employer. In the event of a difference of wording from those of the group policy, the group policy will prevail, to the extent permitted by law.

Your booklet is divided into the following sections:

- **Summary of Benefits:** Outlines the main features of each benefit. It is important to read your Summary of Benefits along with the benefit details to ensure you fully understand your benefit coverage.
- **Coverage Details:** Contains important information regarding the eligibility requirements for your group benefits coverage. In addition, these details explain when your coverage begins and ends, plus other useful information that will help you take advantage of the coverage available to you.
- **Rights and Responsibilities under the Policy:** Outlines your responsibilities under the group policy, such as notifying your employer upon change in status, and your rights, for example your right to privacy.
- **How to Submit a Claim and Obtain More Information:** Additional information on the various options available to you for submitting claims and how you can obtain more information regarding your coverage.
- **Helpful Tips:** Throughout this booklet we have provided useful tips to help you better understand and get the most out of your group benefits.

Key Terms

You and Your Dependents

Throughout this booklet we use several key terms when we refer to you and your Dependents:

- the terms that may refer to you are: Employee, Member and Participant;
- the terms that may refer to your Dependents are: Dependent, Spouse, Child and Participant.

Employee: A person who:

- resides in Canada; and
- works a minimum of 30 hours per week for the employer.

Member: An Employee who is eligible and approved for coverage under this policy.

Dependent: Your Spouse or Child.

Child: A person who:

- is a resident of Canada;
- is the natural or adopted child of the Member or Spouse, or the child over whom the Member or Spouse has been appointed as guardian with parental authority;
- is financially reliant on the Member or Spouse for care, maintenance and support;
- is not married or in a common law relationship; and
- meets one of the following criteria:
 - a) is under age 21;
 - b) is under age 26 and is attending an accredited educational institution, college or university on a full-time basis; or
 - c) became mentally or physically disabled while a child as defined in (a) or (b) and has been continuously disabled since that time.

A child is considered to be mentally or physically disabled for the purposes of this definition if they are incapable of engaging in any substantially gainful activity and are financially reliant on the Member for care, maintenance and support due to this disability. Blue Cross may require the provision of written proof of a child's disability as often as is reasonably necessary.

Spouse: The person who:

- is a resident of Canada; and
- meets one of the following criteria:
 - is married to the Member;
 - is in a civil union with the Member as defined by the Civil Code of Quebec; or
 - has been living with the Member in a conjugal relationship for at least 1 year; however, where required by provincial legislation, this 1 year period is waived if a child is born of such relationship.

The Spouse must be designated by the Member on their application for coverage. Only one person may be covered as a Spouse at any one time.

Participant: The Member or one of the Member's Dependents who has been approved for coverage under this policy.

Helpful Tip

You are responsible for enrolling your Dependents under the plan when they become eligible.

In addition, you are responsible for removing them when they no longer meet the definitions outlined here.

You can update your family and/or Dependent status by filling out and submitting a change form, available through our website.

Helpful Tip

A Member, Spouse and Child are all Participants under the policy.

Other Important Terms

Accident: A sudden, fortuitous and unforeseeable event that:

- is violent in nature;
- arises solely from external means;
- causes bodily injury to the Participant directly and independently of all other causes; and
- is unintended by the Participant.

The resulting injury to the Participant must be certified by a physician.

Actively at Work: Employees are Actively at Work on a specified day if they report for work at their usual place of employment and are able to perform the Regular Duties of their occupation, according to their regular work schedules.

Employees who are not required to report for work on a specified day due to holidays, shift variances, vacations or weekends are still considered to be Actively at Work if they could have reported for work and performed the Regular Duties of their occupation on that day.

Helpful Tip

One of the eligibility requirements for coverage is that you be Actively at Work.

Activities of Daily Living: The following 5 activities:

- *Eating:* The ability to manipulate prepared food or liquid into the mouth;
- *Dressing:* The ability to put on and remove necessary articles of clothing that are normally worn, including leg braces;
- *Bathing:* The ability to cleanse the entire body using soap and water, including turning on faucets and shower mechanisms, getting into and out of the bath or shower and drying oneself;
- *Ambulation:* The ability to move independently from place to place with or without the use of mobility aids; and
- *Toileting (including continence, which is the ability to control bowel and bladder function):* The ability to use a toilet, bedside commode or urinal.

Approved Provider: A provider of health care services or supplies who has been approved by Blue Cross to provide specific Eligible Expenses.

Deductible: The amount of Eligible Expenses that the Participant must pay before Blue Cross will reimburse any Eligible Expenses.

The **Deductible** amount applies once per calendar year or per prescription drug, as specified in the Summary of Benefits. However, Eligible Expenses incurred during the last 3 months of a calendar year that totally or partially met the Deductible for that year may be used to reduce the Deductible for the following calendar year.

Helpful Tip

Important: Blue Cross will only reimburse health expenses meeting these Eligible Expenses criteria.

Eligible Expenses: Charges incurred by the Participant for health care services and supplies that are:

- Medically Necessary;
- usual, customary and reasonable, meaning that:
 - the amount charged is consistent with the amount typically charged by Health Practitioners or Approved Providers for similar services or supplies in the province in which the services or supplies are being purchased; and
 - the frequency and quantity in which services or supplies are purchased by the Participant are, in the opinion of Blue Cross in consultation with its health care consultants, consistent with the frequency and quantity that would usually be prescribed or needed for the Participant's condition;

Key Terms

- recommended or prescribed by a Physician or Health Practitioner who:
 - does not normally reside in the Participant's home;
 - is not the Participant's Family Member; and
 - is not the Participant's employer or co-worker;
- rendered or dispensed by an Approved Provider who:
 - does not normally reside in the Participant's home; and
 - is not the Participant's Family Member; and
- rendered or dispensed after the effective date and while the policy is in effect, unless otherwise specified.

Health care services and supplies that Participants prescribe, render or dispense to themselves are not Eligible Expenses.

An Eligible Expense is considered to be incurred on the date the service or supply was received by the Participant. Reimbursement for Eligible Expenses incurred outside of Canada will be limited to the amount that would have been reimbursed if the expense had been incurred in the Participant's province of residence, unless the benefit is restricted to in Canada only.

Where more than one form or an alternative form of Treatment exists, Blue Cross has the right to base their payment for Eligible Expenses on the lowest cost alternative if Blue Cross, in consultation with its health care consultants, deems the alternative Treatment to be appropriate and consistent with good health management.

Health Practitioner: A health care practitioner who is a registered member of their regulatory body (if applicable) and practices within the limits of their authority as established by law. If no occupational guild applies to a particular practitioner, the practitioner must:

- be a registered member of their association;
- provide care and treatment within the limits of their professional scope of practice; and
- be an Approved Provider.

Medically Necessary: A health care service or supply provided or prescribed by a Physician or Health Practitioner to treat an injury or Illness that, in the opinion of Blue Cross after consultation with its health care consultants:

- has not been provided or prescribed primarily for convenience or cosmetic reasons;
- is the most appropriate, safe and cost effective Treatment for the diagnosed injury or Illness; and
- is generally medically recognized as acceptable Treatment for the diagnosed injury or Illness.

Quebec Participant: A Member or Dependent is considered to be a Quebec Participant if:

- the Policyholder has a business office in Quebec;
- the Participant resides and works in Quebec; and
- the Participant is subject to the Act Respecting Prescription Drug Insurance.

Helpful Tip

Family member refers to a Participant's:

- Spouse;
- father or mother, or their spouse or common-law partner;
- children, or the children of the Participant's spouse or common-law partner;
- brothers and sisters;
- grandchildren; or
- grandparents.

Helpful Tip

Blue Cross will only pay for Eligible Expenses that are Medically Necessary.

- the Salary last reported to Blue Cross and used in the calculation of the premium payable.

Treatment: The management and care of a Participant to improve or cure an illness, disorder or injury. This management and care must be:

- considered appropriate and approved by Blue Cross; and
- prescribed, provided or performed by a Health Practitioner or Physician practicing in the field of medicine applicable to the Participant's disease, disorder or injury.

Helpful Tip

Coverage Details

Who is Eligible for Coverage?

You are eligible for coverage if you:

- meet the definition of Employee and are Actively at Work; and
- have completed the **3-month** waiting period.

Your Dependents are also eligible for coverage if they meet the definition of Spouse or Child outlined above in the Key Terms.

To be eligible for coverage, you and your Dependents must be entitled to government health care coverage.

You must continue to work the minimum number of hours per week to maintain eligibility under the policy.

Do I Need to Supply Proof of Health to Obtain Coverage?

You generally do not need to provide proof of health to obtain group benefits coverage. However, proof of health must be submitted in the following circumstances:

- if the coverage for yourself or your Dependents exceeds the non-evidence limit specified in the Summary of Benefits;
- for all applications for the optional life benefit (if applicable); or
- if your application is received by Blue Cross more than 31 days after the date upon which you or your Dependent became eligible for coverage, with the following exceptions:
 - late applicants for dental benefits (if applicable) do not need to submit proof of health (instead their maximum benefit is limited to \$250 for the first consecutive 12 months of coverage); and
 - Quebec Participants who are late in applying for drug benefits do not need to submit proof of health for drug coverage.

How do I Enrol for Coverage?

Application Form

Once you have received an email confirming your Blue Cross access to the online application system, you can obtain coverage. You must then complete and submit your online application form and provide proof of health, if required, for one of the reasons listed above.

The completed application form must be received by Blue Cross within 31 days of the date you or your Dependent become eligible for coverage. If you do not do it during this time limitation, you will be automatically enrolled as follows:

- Member basic Life Benefit;
- Long Term Disability Benefit «cost-of-living Adjustment» Option;
- Drug Benefit and Extended Health Care Option 3 ;
- Dental Benefit Option 3.

Helpful Tip

Waiting Period refers to the continuous period of time during which you must be Actively at Work before being eligible for coverage.

Helpful Tip

Proof of health refers to statements or medical evidence about your health or the health of your Dependents.

Non-evidence limit refers to the amount of coverage for which you or your Dependents are eligible, without having to submit satisfactory proof of health.

The non-evidence limits for each benefit (if any) are specified in the Summary of Benefits.

Helpful Tip

If you do not enrol for coverage within 31 days of eligibility, you may be restricted when applying for benefits and your benefit levels may be reduced.

Can I Opt Out of Coverage for Certain Benefits?

You are not allowed to individually select the benefits you want under the policy. In addition, when you enrol for coverage you must also enrol all of your eligible Dependents, subject to the exceptions noted below:

- it is your choice whether or not to obtain coverage for optional benefits; and
- you are allowed to waive the health benefits coverage for yourself or your Dependents if you or your Dependents already have similar coverage under another group policy. In this case, you or your Dependents will again be eligible for health benefits if there is a change in your family status or if you or your Dependents' other coverage terminates for reasons outside of your control.

Helpful Tip

Health benefits may include: drug benefits, extended health care, dental benefits and/or travel benefits.

When Does My Coverage Begin?

Employees

Your coverage takes effect on the latest of the following dates:

- the effective date of the policy;
- the date you meet all of the eligibility requirements; or
- the date Blue Cross approves your proof of health, if required.

If you are not Actively at Work on the date you would have become eligible for coverage, your coverage begins on the date you resume being Actively at Work.

Dependents

Your Dependent's coverage takes effect on the latest of the following dates:

- the date you become eligible for coverage;
- the date they meet all of the eligibility requirements;
- the date Blue Cross approves their proof of health, if required; or
- the date following their discharge from hospital if they were hospitalized on the date they would have become eligible for coverage, unless:
 - they were covered under a previous policy, in which case their coverage begins on the effective date of the policy; or
 - they were born while this coverage is in force, in which case their coverage will be effective from their live birth, or for dependent life coverage, as specified in the dependent life Summary of Benefits (if applicable).

Helpful Tip

Previous Policy refers to a group insurance policy that provided coverage for you and your Dependents, and terminated within 31 days of the effective date of this group policy.

What is the minimum coverage?

The Member must be covered for the following benefits:

- Member Life Benefit;
- Long Term Disability Benefit;
- Drug Benefit Option 3;
- Extended Health Care Option 3;
- Travel Benefit.

However, the Member may be exempted for the Drug and Extended Health Care benefits, if covered under his spouse's insurance coverage.

What Happens to my Coverage During Periods of Absence from Work?

Illness/Accident

If you are absent from work due to illness or accident, your group benefits coverage is retained. In such circumstances, please contact your group benefits administrator to discuss the maximum period your coverage will be retained.

Maternity Leave/Parental Leave

During a maternity or parental leave of absence, you have the choice to either retain or discontinue all coverage for the maximum period provided under the applicable legislation.

Your decision to retain or discontinue coverage must be made before the beginning of your leave of absence and this decision cannot be changed at a later date. If you decide to retain coverage, you must continue to pay your premium contributions (if any) for the whole duration of the absence.

If you are a Quebec Participant, you must at least retain drug coverage unless you benefit from drug coverage under another group plan.

Temporary Layoff/Authorized Leave of Absence/Strike or Lockout

In such circumstances, please contact your group benefits administrator to discuss the benefits you must retain during such an absence and the maximum period these benefits will be retained.

When Does My Coverage End?

Coverage ends on the earliest of the date:

- the policy terminates;
- you or your Dependents no longer meet one or more of the eligibility requirements;
- your employment is terminated;
- you (or your Spouse in the case of optional life benefits, if applicable) reach the termination age or termination date, if any, specified in the Summary of Benefits;
- you retire from the employer, unless otherwise specified in the Summary of Benefits;
- you die;
- you or your Dependents commit a fraudulent act against Blue Cross; or
- the policyholder defaults in payment of premiums.

Coverage for your Dependents will also terminate on the date your coverage terminates.

No coverage will be provided to you or your Dependents while performing duties as an active member in the armed forces of any country, unless coverage must be retained under the applicable provincial legislation.

What Happens When Coverage Ends?

Right to Convert to Individual Coverage

Upon termination of coverage for certain benefits, you and your Dependents have the right to convert your group benefits coverage to an individual insurance policy, provided certain criteria are met.

The benefit details will specify if this conversion right applies to a particular benefit.

When conversion is available, the following terms and conditions apply:

- You must, within 31 days of the date of termination of your group coverage:
 - submit the application form provided by Blue Cross for the purpose of conversion to individual coverage; and
 - pay the entire amount of the first month's premium of the individual policy, in accordance with the method of payment stipulated by Blue Cross;
- the individual policy will be issued without requiring proof of health;

Helpful Tip

The benefit of converting your group coverage is that you do so without having to provide proof of health.

Conversion premium rates will typically be higher than group premium rates currently paid.

Instead of converting your group coverage, you may prefer to apply for an individual plan, which will require Proof of Health.

Coverage Details

- the premium for the individual policy is based upon the individual policy rates in effect on the date of application and the age and sex of the Participant on that date;
- the individual policy is subject to any maximum and minimum values or other additional terms and conditions that are specified in the *Right to Convert to Individual Coverage* provision of the applicable benefit.

Survivor Benefits

In the event of your death, coverage for your Dependents will continue without payment of premiums for certain benefits, if specified in the Summary of Benefits.

Survivor Benefit coverage for your Dependents will terminate on the earliest of the following dates:

- the group policy termination date;
- the date the maximum Survivor Benefit period has been reached, as specified in the Summary of Benefits;
- the date your Dependents obtains similar coverage under another plan; or
- the date your Dependents are no longer considered to be eligible Dependents (for reasons other than your death).

What if I Have Coverage Elsewhere?

With the exception of the travel benefits provided under the travel benefit section of this booklet, Blue Cross will co-ordinate your group benefits coverage with other health plans when similar coverage is available. Co-ordination of benefits helps ensure you get the most out of your coverage, and also means you can receive up to, but no more than, 100% reimbursement for Eligible Expenses.

Government Health Care Coverage

Blue Cross will not pay for any health care services or supplies available under government health care coverage, or administered by government funded hospitals, agencies or providers. Blue Cross will only consider Eligible Expenses in excess of those provided under government health care coverage.

Other Health Plans

Do you take advantage of coverage under the other benefit plans available to you, such as your Spouse's? If not, you may be missing out on possible reimbursement of up to 100% of Eligible Expenses through a process called co-ordination of benefits.

Blue Cross applies co-ordination of benefits according to the guidelines of the Canadian Life and Health Insurance Association Inc. (CLHIA). Here are general rules:

Expenses for Yourself:

- You must first submit expenses incurred to this plan (where you are covered as a Member). The balance that has not been paid by this plan (if any) can then be submitted to the other plan where you are covered as a dependent (for example your Spouse's plan).
- If you are covered as a member under more than one group benefit plan, the plan that has covered you the longest pays first.

Helpful Tip

Blue Cross will help direct you to existing **government programs** whenever possible.

Helpful Tip

The types of other plans that are subject to co-ordination of benefits include any form of group, individual, family, creditor or saving insurance coverage that provides reimbursement for medical treatment, services or supplies.

Expenses for Your Spouse:

- Your Spouse must submit any expenses incurred for themselves to their own group benefit plan (if any) first. The balance that has not paid by their plan (if any) can then be submitted to this plan.

Expenses for Your Child:

- If a Child is covered as a dependent by both you and your Spouse, you should submit their claim to the plan of the parent whose birthday comes first in the year.
- In the event of divorce or separation, the plan of the parent with whom the Child resides (the plan of the parent with custody of the Child) pays first.

Helpful Tip

For more information on Co-ordination of benefits (including examples), visit our website.

Member Life Benefit

Purpose of Coverage

If the Member dies while covered by this benefit, Blue Cross will pay the Member's beneficiary the amount specified in the Summary of Benefits, subject to the conditions outlined below.

Advance Payment Due to Terminal Illness

An advance payment of the member life benefit may be paid to the Member if:

- the Member submits a request to Blue Cross in writing;
- Blue Cross is satisfied, on the basis of medical evidence provided by the Member's attending physician, that the Member is suffering from a condition that is expected to result in the Member's death within 12 months of the date of the request;
- the Member is less than age 65; and
- the Member Life benefit's premiums are waived

An advanced payment amount cannot be more than 50% of the member life benefit amount in effect at the time of the request or \$50,000, whichever is less. It will be paid in one lump sum that will be deducted from the member life benefit amount. The remainder of the member life benefit will be paid to the Member's beneficiary on death of the Member.

Members are only eligible for an advance payment once per lifetime.

Payment of Claims

Beneficiary

Member life benefits will be paid to the Member's beneficiary with the exception of an advance payment due to terminal illness that will be paid directly to the Member.

Rounding Amounts of Coverage

If not already a multiple of \$1,000, the amount of coverage for Members under age 65 is rounded up to the next multiple of \$1,000. At age 65 and over, coverage that is not already a multiple of \$500 is rounded up to the next multiple of \$500.

Time Limit to Submit a Claim

Blue Cross must receive proof of claim as soon as is reasonably possible and in no event later than 15 months following the date of death.

Right to Convert to Individual Coverage

Eligibility for Conversion

The Member has the right to purchase an individual life policy from Blue Cross if their member life benefit coverage terminates on or before the Member reaches age 65 due to retirement, termination of employment or termination of coverage for the group or class of Employees to which the Member belongs.

This conversion option also applies to any scheduled reduction or termination of coverage that becomes effective at specified ages, without exceeding age 65.

Terms and Conditions of the Converted Policy

Individual policies issued under this conversion option are subject to the terms and conditions specified in the *Right to Convert to Individual Coverage* found under the *Coverage Details* of this booklet.

Long Term Disability Benefit

Purpose of Coverage

If the Member becomes Totally Disabled following an illness or accident, Blue Cross will pay up to the maximum amount specified in the Summary of Benefits, subject to the conditions outlined below.

Additional Definitions

The following definitions apply to this benefit, in addition to those found under the Key Terms provision of this booklet.

Benefit Period: The maximum duration for which Blue Cross will pay benefits. This maximum is specified in the Summary of Benefits.

Elimination Period: The continuous period of time from the date the Member becomes Totally Disabled until the date benefits are payable. This period is specified in the Summary of Benefits.

If Total Disability is not continuous, the days the Member is Totally Disabled may be accumulated to satisfy the Elimination Period, provided that:

- coverage remains in force during the entirety of the accumulated Elimination Period;
- there is no interruption in Total Disability that is longer than 30 days;
- successive disabilities are due to the same or related causes; and
- the Elimination Period is completed within a 1 year period.

Net Salary: the Member's Salary less income taxes and contributions to the Canada Pension Plan, Quebec Pension Plan, the Canada Employment Insurance Commission (CEIC) and the Quebec Parental Insurance Plan, if applicable.

Pre-Disability Salary: The Member's Salary immediately before the date of Total Disability.

Total Disability or Totally Disabled: During the Elimination Period and for the Own Occupation Duration specified in the Summary of Benefits, a Member is Totally Disabled for the purposes of this benefit if the Member is completely and continuously unable to perform the regular duties of their own occupation as a result of illness or accident.

Afterward, a Member is Totally Disabled if the Member is completely and continuously unable to perform the regular duties of any occupation for which the Member is reasonably qualified or may so become by training, education or experience.

Regular duties refers to those work related activities that are essential to performing a particular occupation.

The loss of a professional or occupational licence or certification does not, in itself, constitute Total Disability.

The availability of work is not considered when assessing the Member's disability.

Helpful Tip

If you are performing **modified work duties** for at least 6 months before applying for long term disability benefits, these modified work duties constitute your own occupation for purposes of assessing Total Disability.

Payment of Benefits

When Benefit Payments Begin

Benefit payments begin on expiry of the Elimination Period. Blue Cross will pay benefits at monthly intervals for each day a Member is Totally Disabled following expiry of the Elimination Period.

The benefit for each day of Total Disability will be equal to 1/30 of the monthly amount.

Calculation of the Benefit Amount

Blue Cross calculates the monthly benefit amount in accordance with the following 3 step process:

- Step 1. Blue Cross applies the benefit formula specified in the Summary of Benefits to obtain a monthly benefit amount (to the benefit maximum specified in the Summary of Benefits);
- Step 2. Blue Cross subtracts from this monthly benefit amount any income amounts that are payable to the Member as a result of the same or a subsequent disability under any one or more of the following:
 - a) the Quebec Pension Plan or the Canada Pension Plan;
 - b) any workers' compensation board/commission;
 - c) any automobile insurance bureau, if applicable; or
 - d) any federal or provincial law or legislation;
- Step 3. If the amount of long term disability benefit calculated in Step 2 and all the applicable Additional Sources of Income listed below exceed the All Source Maximum specified in the Summary of Benefits, then the long term disability benefit will be further reduced to ensure total benefits received from all sources does not exceed this percentage.

Helpful Tip

The long term disability benefit you receive, when added to any other disability income to which you are entitled, cannot exceed the All Source Maximum listed in the Summary of Benefits.

Additional Sources of Income means:

- a) any of the following income amounts payable to the Member, as a result of their current or subsequent disability, under one of the following plans:
 - i. any fringe-benefits plan offered by the employer as defined by the Income Tax Act;
 - ii. any plan under which the Member is covered as a member of an association; or
 - iii. any fringe-benefits plan set up according to any provincial or federal law, including the disability payments from any of the plans specified in Step 2; and
- b) any income amounts payable to the Member under any retirement or pension plan funded in whole or in part by the Employer. This includes the Quebec Pension Plan or Canada Pension Plan if the application for retirement benefits is made following the date of Total Disability.

With respect to the income amounts calculated in Step 2 and Step 3:

- income amounts received for children are not included;
- if it appears to Blue Cross that there are income amounts to which the Member is eligible, Blue Cross may include these amounts in its calculations even if the Member fails to apply for or exercise their right to these amounts;
- Blue Cross may estimate income amounts pending their actual award;
- Blue Cross will perform its calculations without including subsequent increases to these income amounts by way of cost-of-living adjustments; and
- if an income amount is paid by lump sum rather than monthly instalments, Blue Cross will include in its calculations the amount obtained by dividing this lump sum by:
 - the number of monthly instalments the lump sum represents, if known to Blue Cross; or
 - 60, if Blue Cross does not know the number of months represented.

Cost-of-Living Adjustment

If the Summary of Benefits specifies a cost-of-living adjustment, it will be applied on the effective date of the adjustment as specified in the Summary of Benefits providing that the cost of living adjustment option has been chosen and subject to the following criteria:

When Benefit Payments End

Benefit payments end on the earliest of the date:

- the Member is no longer Totally Disabled;
- the Member fails to:
 - provide Blue Cross with satisfactory proof of continued Total Disability;
 - submit to an independent examination requested by Blue Cross; or
 - participate in any reasonable Treatment or rehabilitation program considered appropriate by Blue Cross;
- the Member reaches the termination age specified in the Summary of Benefits;
- the Benefit Period expires;
- the Member engages in any occupation, employment or volunteer work other than a rehabilitation program pre-approved by Blue Cross;
- the Member refuses to accept any reasonable offer of modified duties or alternative employment from the employer; or
- the Member dies.

Time Limit to Submit a Claim

Blue Cross must receive proof of claim within 90 days of the expiry of the Elimination Period.

If this 90-day time limit is not met for reasons Blue Cross considers unacceptable, the Elimination Period will begin on the date Blue Cross receives all relevant documents needed to establish proof of disability.

Helpful Tip

Proof of claim consists of 3 forms: Declaration of the Employee, Declaration of the employer and Declaration of the physician. Forms are available on our website.

Recurrent Disabilities

If a Member who was Totally Disabled and receiving long term disability benefits becomes Totally Disabled again after having returned to work, Blue Cross will consider the recurrent disability to be a continuation of the initial disability if the disability results from:

- the same or related causes within the first 6 consecutive months of the Member returning to work according to their normal work schedule; or
- different and unrelated causes and the Member did not fully recover from the first disability and did not return to work for at least a full day before the start of the recurrent disability.

When the recurrent disability is considered to be a continuation of the initial period of Total Disability:

- the Elimination Period will not be applied a second time;
- the benefit amount payable is that which was calculated for the initial period of Total Disability; and
- benefits will only be paid for the balance of the initial Benefit Period.

Total Disability During Periods of Absence

If a Member becomes Totally Disabled during a period of absence from work where disability coverage has been discontinued, no disability benefit will be payable.

If a Member becomes Totally Disabled during a period of absence from work where disability coverage has been retained and premiums have been paid:

- the Elimination Period will begin on the onset of Total Disability;
- the Benefit Period will be deemed to begin on expiry of the Elimination Period; and
- benefit payments will begin on the later of the expiry of the Elimination Period or the date the Member was scheduled to return to work.

Rehabilitation Program

If considered appropriate by Blue Cross, Blue Cross may require a Member to participate in a rehabilitation program pre-approved by Blue Cross consisting of:

- medical care, Treatment, diagnostic measures or prescribed medications;
- full-time work, part-time work or volunteer work whether or not wages or remuneration are received for such work; or
- a vocational assessment, training or re-training program for the purpose of rehabilitation.

When a Member participates in a rehabilitation program while receiving benefits, the following conditions apply:

- the Member's Total Disability will not be considered to have ended simply because they undertook a rehabilitation program, subject to a maximum period of 24 months;
- if the Member becomes Totally Disabled again while participating in a rehabilitation program, the terms and conditions of this benefit will apply as if the Member had remained Totally Disabled for the full duration of the rehabilitation program;
- the Benefit Period continues despite participation in the rehabilitation program; and
- during the rehabilitation program, monthly benefits will be reduced as necessary to ensure that the Member's total income from all sources does not exceed 100% of the Member's Pre-Disability Salary.

Exclusions and Limitations

1. Benefits are not payable for any Total Disability that results, directly or indirectly, from any of the following causes:
 - a) participation in a criminal act or an attempt to commit a criminal act, regardless of whether charges are laid or a conviction is obtained;
 - b) any accident or injury occurring while operating a motor vehicle under the influence of any intoxicant or with a blood alcohol level in excess of the legal limit in the jurisdiction in which the accident occurred;
 - c) attempted suicide or voluntary injury or illness, whatever the state of mind of the Member;
 - d) medical care or treatment that is not Medically Necessary or that is performed for cosmetic purposes only; or
 - e) insurrection, war (declared or not), the hostile action of the armed forces of any country or participation in any riot or civil commotion.
2. Benefits are not payable during any periods in which the Member:
 - a) receives maternity or parental benefits under any provincial or federal law or takes maternity or parental leave in accordance with any provincial or federal law or any agreement between the Member and the employer, subject to the following exception:
 - benefits will be payable during the health-related portion of the maternity leave when required by applicable law or legislation, provided coverage has been continued for the Member. The health-related portion of the maternity leave will be considered to be the normal post-natal recovery period deemed reasonable and appropriate by Blue Cross;
 - b) is absent from Canada for any reason, unless Blue Cross agrees in writing, in advance, to pay benefits during the period; or
 - c) is imprisoned in a correctional facility or community residence or while under house arrest by order of a criminal court.

Long Term Disability Benefit

Pre-Existing Conditions

A Pre-Existing Condition is any Illness or injury for which, during the 3 months immediately before the Member's effective date of coverage (under this policy or a Previous Policy), the Member has:

- had a medical consultation;
- been prescribed or taken medication; or
- received treatment, including diagnostic measures.

If the Summary of Benefits specifies the Pre-Existing Conditions provision of this benefit applies, then benefits are not payable if Total Disability results from a Pre-Existing Condition unless Total Disability begins after the Member has been covered for long term disability benefits (under this policy or a Previous Policy) for at least 12 consecutive months.

Special Authorization

Certain Eligible Drugs require prior or ongoing authorization by Blue Cross to qualify for reimbursement. The criteria to be met for Special Authorization are established by Blue Cross and may include requiring the Participant to participate in related patient support programming.

How does the Special Authorization process affect my claim?

The first time you present a prescription for an Eligible Drug on the Special Authorization list your pharmacist will indicate the need for Special Authorization.

You can request a Special Authorization Prescription Drug Form from your pharmacy, your employer, the nearest Blue Cross customer information centre or from our website. You must complete the patient section of the form, have your physician complete and sign the remaining portion and mail your completed form to the nearest Blue Cross office.

Your request will be confidentially reviewed by a health care professional according to the payment criteria established. When all the required information is received by Blue Cross, the standard turn-around time for Special Authorization decisions is 7 to 10 working days.

You will receive confirmation in writing regarding the decision on your Special Authorization request. If your request is approved, this confirmation will include the effective date and duration of your approval.

Any fees associated with completing this form or obtaining additional medical information are your responsibility.

Substitution Provision

If the Summary of Benefits specifies Substitution Provision applies and an Interchangeable Drug has been prescribed, Blue Cross will reimburse to the lowest ingredient cost Interchangeable Drug.

Helpful Tip

Certain Eligible Drugs require Special Authorization before your prescription is covered.

Helpful Tip

Helpful Tip

A generic drug and its brand name equivalent are considered to be Interchangeable Drugs. Health Canada imposes the same standards and tests on generic drugs as it does on brand name drugs. Generic drugs are effective and safe, while often being less expensive.

Payment of Claims

How Payments are Made

The Summary of Benefits specifies the Method of Payment that applies to Participants under the group policy.

Reimbursement: The Participant will pay the full cost of the prescription to the Approved Provider at the time of purchase. Blue Cross will reimburse any Eligible Expenses on receipt of proof of payment from the Participant.

Pay Direct: At the time of purchase, the Approved Provider will submit the Participant's claim to Blue Cross electronically to verify eligibility. The Participant will pay the Approved Provider only the portion of the claim that is not covered by this benefit. Blue Cross will reimburse the balance of the claim to the Approved Provider directly.

If the Participant submits to Blue Cross a paid-in-full prescription drug receipt, Blue Cross will only reimburse the amount that would have been paid to the Approved Provider if the claim had been submitted electronically.

Deferred Payment: At the time of purchase, the Approved Provider submits the Participant's claim to Blue Cross electronically to verify eligibility. The Participant pays the full amount charged by the Approved Provider and Blue Cross will reimburse the portion of the Participant's claim covered by this benefit when a specified dollar amount or a time-period threshold has been reached.

If the Participant submits to Blue Cross a paid-in-full prescription drug receipt, Blue Cross will reimburse only the amount that would have been reimbursed if the claim had been submitted electronically.

If you pay up front and submit your claim for reimbursement, you may end up with surprise out-of-pocket expenses if your pharmacist charged you more than would have been permitted by the Blue Cross system.

Helpful Tip

Shop around for the best price for your prescription drugs.

For the same prescription, the price can vary depending on where you go, even among stores in the same chain.

Right to Convert to Individual Coverage

A Participant who is not a Quebec Participant and who is no longer eligible under this benefit may convert their group coverage to a similar individual drug plan provided by Blue Cross.

Individual policies issued under this conversion option are subject to the terms and conditions specified in the *Right to Convert to Individual Coverage* found under the *Coverage Details* of this booklet.

Quebec Participants who are no longer eligible for drug benefit coverage cannot convert their group drug coverage to an individual plan. If they are not eligible under another group plan, they must contact the Régie de l'assurance maladie du Québec (RAMQ) to obtain coverage from the RAMQ's public drug plan.

Minimum Requirements for Drug Coverage in Quebec

This provision applies to Quebec Participants.

Act Respecting Prescription Drug Insurance

The group policy must be administered in accordance with the *Act Respecting Prescription Drug Insurance* ("the Act") for Quebec Participants, including the Act's provisions about maximum coinsurance, out-of-pocket maximums, eligible drugs and exception drugs.

Under no circumstances will the *Exclusions and Limitations* provision of this benefit render drug benefit coverage for Quebec Participants less generous than the basic prescription drug insurance plan established by the Act.

Out-of-pocket Maximum per Calendar Year

If, in any calendar year, a Member spends more than the maximum contribution amount established by the RAMQ for RAMQ drug Expenses for themselves or their Dependent children, the amounts in excess of the maximum contribution amount will be reimbursed by Blue Cross at a rate of 100% until the end of that calendar year. The contribution amount includes the Deductible, amounts in excess of the reimbursement level or co-payment, if applicable, for themselves or their Dependent children.

If, in addition, in any calendar year, a Member's Spouse spends more than the maximum contribution amount established by the RAMQ for RAMQ drug Expenses for himself, the amounts in excess of the maximum contribution amount will be reimbursed by Blue Cross at a rate of 100% until the end of that calendar year. The contribution amount includes the Deductible, amounts in excess of the reimbursement level or co-payment, if applicable, for the Member's Spouse.

Participants Age 65 Years and Over

At age 65, a Quebec Participant is automatically registered as a beneficiary of the RAMQ public drug plan. Therefore, on reaching age 65, a Quebec Participant must decide whether to:

- cancel their automatic registration with the RAMQ drug plan in order to continue their coverage under this benefit; or
- accept coverage under the RAMQ public drug plan.

The decision to accept coverage under the RAMQ public drug plan is irrevocable.

Quebec Participants who decide to accept coverage under the RAMQ public drug plan are no longer eligible for coverage under this benefit.

Rights and Responsibilities Under the Policy

What Are My Responsibilities Under the Policy?

Keeping Your Insurer Informed

It is your responsibility to provide your insurer accurate information on your family status, as well as your beneficiary designation(s). To do this, you must register in the online application system changes in your personal circumstances within 31 days following the date on which they occur. Failure to do so could result in the need for proof of health before your requested change in coverage takes place.

Changes that must be reported to your insurer include:

- Adding/removing a Dependent
- Status updates of a Dependent student
- Change in marital status
- Change of beneficiary
- Application for benefits previously waived

Beneficiary Designations

Unless otherwise designated, all benefits are payable to you.

Death Benefits

Benefits payable as a result of your death will be paid to your last designated beneficiary or beneficiaries.

Subject to the provisions of the law, the beneficiary is the person(s) you have designated on your group benefits application form. You may change your beneficiary by submitting a signed written declaration to Blue Cross.

If you designate 2 or more beneficiaries (other than alternatively) without any specification as to how the death benefit will be divided, the benefit payable will be divided equally among the designated beneficiaries.

If your beneficiary predeceases you, you must designate a new beneficiary.

If you die and a beneficiary has not been named in writing, the death benefit will be payable to your estate.

Providing Proof of Claim

You must submit your claims for Eligible Expenses within the applicable time limitations outlined under each benefit. Proof of claim must be provided in writing and in a form considered acceptable by Blue Cross.

Blue Cross must approve your proof of claim and may require you to provide additional information and/or require you to undergo a medical examination by a physician or Health Professional as often as deemed necessary. Blue Cross reserves the right to suspend or deny a claim until you have submitted the additional information requested to process the claim.

Costs associated with providing proof of claim are your responsibility.

Helpful Tip

It is very important to maintain up-to-date beneficiary designations.

When insurance money is paid to the estate, it may be subject to creditor claims and estate taxes.

However, when a beneficiary is named, this person receives the entire benefit tax free, regardless of what debts may be owed by the deceased.

Helpful Tip

Your proof of claim must be submitted in either English or French. If the original proof of claim is in a language other than English or French, you are responsible for any costs associated with translating your proof of claim.

Rights and Responsibilities Under the Policy

Submitting Claims After Your Group Policy Terminates

If the group policy has terminated, you must submit proof of claim to Blue Cross:

- for accidental death and dismemberment benefits or accidental damage to natural teeth, **within 6 months** following the termination date of this group policy; or
- **within 90 days** following the termination date of this group policy for all other benefits.

Recovering Damages From a Third Party (Subrogation)

If you have the right to file legal action against a third party (individual or corporate body) for a loss relating to any claim submitted under this group benefits plan, Blue Cross is entitled to acquire your rights for recovering damages for any portion of the loss that has been paid by Blue Cross.

You must sign and return the necessary documents to facilitate this process and you must do everything that is required of you to protect your rights to recover damages from the third party.

Reporting Health Insurance Fraud

Health insurance fraud is the intentional act of submitting false, deceiving or misleading information for the purpose of financial gain.

Whether fraud schemes are committed on a small or large scale, fraud can lead to significant financial losses to the benefit plan and result in higher premiums and decreased coverage. Blue Cross is committed to protecting the integrity of our benefit programs for our policyholders and members by monitoring and resolving any abusive or fraudulent activity.

How You Can Help

As a group plan member, you can help us eliminate fraudulent abuse of your plan:

- keep your identification card, policy number, member identification number and related information confidential and secure;
- carefully review your receipts for products and services claimed to ensure:
 - you understand the charges billed; and
 - the charges reflect the services received.

If you are unclear about any of the charges on your receipt, ask your provider to explain the charges to you:

- carefully review your Explanation of Benefits claim statements (EOB) for any discrepancies in services received compared to services claimed;
- never sign a blank claim form;
- from time to time, we send member verification questionnaires to confirm treatments and other related information. If you receive one of these questionnaires, please complete it and return it promptly. These questionnaires make an essential contribution to our fraud deterrence efforts.

Section 1.01 In-Hospital Confinement Monthly Income

In the event you sustain an injury which results in a payment being made under the Schedule of Losses excluding the Loss of Life Benefit and you are hospital confined as an in-patient and are under the care of a legally qualified and registered physician or surgeon other than himself, ACE INA Life Insurance will pay for each full month, one percent (1%) of your Principal Sum, subject to a maximum benefit of \$2,500, or one-thirtieth of such monthly benefit for each day of partial month, retroactive to the 1st full day of such confinement but not to exceed 365 days in the aggregate for each period of hospital confinement.

"Hospital" as used herein means a legally constituted establishment which meets all of the following requirements: (1) operates primarily for the reception, care and treatment of sick, ailing or injured persons as in-patients; (2) provides 24 hour a day nursing service by registered or graduate nurses; (3) has a staff of one or more licensed physicians available at all times; (4) provides organized facilities for diagnosis and surgical facilities; and (5) is not primarily a clinic, nursing home or convalescent home or similar establishment nor, other than incidentally, a place for alcoholics or drug addicts.

"In-Patient" means a person admitted to a hospital as a resident or bed-patient and who is provided at least one day's room and board by the hospital.

Cosmetic Disfigurement Benefit

If, you suffer a third degree burn in a non-occupational accident, ACE INA Life Insurance will pay a percentage of the Principal Sum depending on the area of the body which was burned according to the following table:

Body Part	(A) Area Classification	(B) Maximum allowable % for Area Burned	(C) Maximum % of Principal Sum Payable
Face, Neck, Head	11	9%	99%
Hand & Forearm	5	4.5%	22.5%
Either Upper Arm	3	4.5%	13.5%
Torso (Front or Back)	2	18%	36%
Either Thigh	1	9%	9%
Either Lower Leg (below knee)	3	9%	27%

The maximum percent of Principal Sum Payable (C) is determined by multiplying the Area Classification (A) by the Maximum Allowable percent for Area Burned (B). In the event of a 50% surface burn, the Maximum Allowable percent for Area Burned (B) is reduced by 50%. This table only represents the maximum percent of the Principal Sum payable for any one accident. If the Insured suffers burns in more than one area as a result of any one accident, benefits will not exceed a maximum of \$25,000.

Continuance of Coverage

If you are (1) laid off on a temporary basis, (2) temporarily absent from work due to short-term disability, (3) on leave of absence, or (4) on maternity leave, coverage shall be extended for 12 months, subject to the payment of premiums.

If you assume other occupational duties during the leave or lay-off period, no benefits shall be payable for a loss occurring during the performance of such other occupation.

(a) Seat Belt Benefit

In the event you sustain an injury which results in a payment being made under the Schedule of Losses, your Benefit amount will be increased by 10% if, at the time of the accident, you were driving or riding in a vehicle and wearing a properly fastened seat belt. Due proof of seat belt use must be provided as part of the written proof of loss.

"Vehicle" means a private passenger car, station wagon, van, or jeep-type automobile. "Seat Belt" means those belts that form a restraint system.

Section 1.02 Identification Benefit

In the event accidental Loss of Life is sustained by you not less than one hundred and fifty (150) kilometers from your normal place of residence and identification of the body by a member of the immediate family has been requested by the police or a similar governmental authority, ACE INA Life Insurance will reimburse the reasonable expenses actually incurred by such member for:

- a) transportation by the most direct route to the city or town where the body is located; and
- b) hotel accommodation in such city or town, subject to a maximum duration of three (3) days.

The reimbursement of such expenses incurred is subject to the accidental loss of life indemnity being subsequently payable in accordance with the terms of this policy following the identification of the body as the Insured Person. The maximum amount payable will not exceed \$15,000 for all such expenses.

Payment will not be made for board or other ordinary living, travelling or clothing expenses, and transportation must occur in a vehicle or device operated under a license for the conveyance of passengers for hire.

Exposure and Disappearance

Loss resulting from unavoidable exposure to the elements shall be covered to the extent of the benefits afforded you. If your body has not been found within one year of disappearance, stranding, sinking or wrecking of the conveyance in which you were riding at the time of the accident, it shall be presumed, subject to all other conditions of this policy, that you suffered a loss of life resulting from bodily injuries sustained in an accident covered under this policy.

Conversion Privilege

On the date of termination of employment or during the 31 day period following termination of employment, you may convert your insurance to an individual insurance policy of ACE INA Life Insurance. The individual policy will be effective either as of the date that the application is received by ACE INA Life Insurance or on the date that coverage under the group policy ceases, whichever occurs later. The premium will be the same, as a person would ordinarily pay when applying for an individual policy at that time. The amount of insurance benefit converted will not exceed that amount of issued during employment, up to a combined policy maximum of \$200,000.

- a) you return to active employment with your employer;
- b) you attain age 65;
- c) the master policy underwritten by ACE INA Life Insurance is terminated.

Once you return to active employment with your employer, your coverage will continue only upon the commencement of premium payments.

*You will be considered totally disabled if you are unable to engage in any business or occupation and perform in any work for compensation or profit and your disability has existed continuously for a period of at least 12 months or is in accordance with the waiver of premium requirements under the Policyholder's Group Life Insurance Policy.

2. declared or undeclared war or any act thereof;

Failure to give notice of claim or furnish proof of claim within the time prescribed in the policy condition will not invalidate the claim if the notice or proof is given or furnished as soon as reasonably possible and if it is shown that it was not reasonably possible to give notice or furnish proof within the time so prescribed. In no event, will ACE INA Life Insurance accept notice of claim beyond one (1) year.

Beneficiary

An employee or any spouse has the right to name a beneficiary when he applies for insurance.

It is understood that the beneficiary designation made under the Policyholder's Group Life Insurance Policy shall be recognized as the beneficiary under the policy, unless a further designation has been made that specifically identifies the policy. Failing such designation, all benefits will be paid to the estate of the insured person.

All other indemnities of the policy will be payable to the insured person.

An insured person can change his beneficiary at any time, where permitted by law. The Company assumes no responsibility for the validity of such designation or change of beneficiary.

The beneficiary designation made by the insured person (if any) under the replaced policy has been retained. The insured person should review the existing designation to ensure it reflects his/her current intention.

The policy contains a provision removing or restricting the right of the insured person to designate persons to whom or for whose benefit insurance money is to be payable.

Legal Actions

No action at law or in equity shall be brought to recover on the policy prior to the expiration of 60 days after written proof of loss has been furnished in accordance with requirements of the policy. For residents of Manitoba: Every action or proceeding against an insurer for the recovery of insurance money payable under the contract is absolutely barred unless commenced within the time set out in The Insurance Act. For residents of Ontario: Every action or proceeding against an insurer for the recovery of insurance money payable under the contract is absolutely barred unless commenced within the time set out in the Limitations Act, 2002. Otherwise, every action must be brought within one year from the date of loss or such longer period as may be required under the law applicable in the insured person's province of residence.

(a) Change of Insurer

- (b) An insured person under a former policy may not be excluded from the new policy or be denied benefits solely because of a pre-existing condition limitation that was not applicable or that did not exist in the former policy, or because the person is not at work on the date of coming into force of the new policy.

The insured person and any claimant under the policy has the right, as determined by law applicable in the insured person's province of residence, to obtain a copy of his/her application, any written evidence of insurability (as applicable) and the Policy, on request, subject to certain access limitations.
